# Evolution Series

## SERVO PRESSES

### 1-45 TON CAPACITIES

In today's competitive market, every business needs to *evolve*. As your press solution partner, MULTIPRESS has evolved to meet your changing business needs with our new *Evolution Series of Servo Presses*, featuring electro-hydraulic actuators.

#### Standard Features

**Energy Efficient**—our technology only consumes power on demand, saving costly energy

**Precise**—controls position, force and speed with high accuracy

**Robust Design**—Our sturdy MULTIPRESS frame is paired with a hydraulic hose free design to prevent fluid escape, making our machine suitable for clean environment manufacturing

**Quiet**—Our electro-hydraulic actuators create high force output while remaining quiet during machine use

**Flexible programming**—Programs can be created and saved for future use, saving valuable set-up time

**Frame**—Designed to fit your application: C-Frame, 2-post, 4-post, vertical or horizontal

**Evolve with us today!**
